Any reproduction or disclosure, whether as a copy or other form of duplication or use, is expressly prohibited without the prior consent of Titgemeyer GmbH & Co. KG.

Registered trademarks

The trademarks BÖRTI, GETO, GETO therm, GETOVAN, GTO, LockBolt, MEGA PORT, plasti van, PLYFIX, POLYSTIC, press-ti, RIEKO, RIV-TI, ROLL-TO, TIBOLT, TIBULB, TIFAS, TILA, TIOS and Titgemeyer are registered trademarks and the intellectual property of Titgemeyer GmbH & Co. KG.

Term of Delivery and Payment

All deliveries are carried out in compliance with our Terms of Delivery and Payment.

Limitation of liability

All technical data, performance descriptions, drawings, illustrations, measurements, weights or any other performance data, recommendations and guidelines contained in this catalogue and relating to the installation of parts that we supply are only binding if so expressly agreed. Moreover, the user is obliged at all times to check each individual use and decide whether the components that we supply can be used as needed.

We accept liability in the case of wilful intent, gross negligence and infringement of cardinal contractual duties as well as for errors in respect of express or implied representations. Notwithstanding this, any claims for compensation not explicitly agreed to in these terms and conditions are hereby excluded in the case of customers who are not consumers and, in the case of such customers, who are not consumers, at all events limited to the damage foreseeable at the time of concluding the contract as well as to the value of the delivered consignment. To the extent that our liability is excluded or limited, this shall extend accordingly to the personal liability of employees, legal representatives and vicarious agents. In all instances of gross negligence committed by vicarious agents, we shall solely be liable to customers, who are not consumers, to compensate for typically foreseeable damage. The statutory regulation governing the burden of proof shall remain unaffected. The aforementioned limitation of liability shall not apply to claims resulting from product liability, for damage resulting from injury to life, limb or health, or for damage to privately used property.

All technical specifications contained in this brochure are approximate and no guarantee is given as to their accuracy. Designs are subject to change.

TIFAS® Grip blind rivets	Overview		5
	Brazier head with grooved mandrel	Steel/steel	6
	Brazier head with grooved mandrel	Stainless steel/stainless steel	7

TIFAS® Grip blind rivets

The combination of a consistently large blind-side footprint, vibration resistance and a partially load-bearing as well as securely retained mandrel make the TIFAS® Grip blind rivet the ideal choice for thin components that need to withstand high loads. The application of bearing pressure compensates for drilled hole tolerances.

Benefits at a glance

- Universal use
- Forms a large blind side footprint, very suitable for thin materials, superior anti-removal values
- Securely fitting mandrel (rattle-free)
- Enhanced tensile strength in the area of shear when the mandrel rests within the area of shear
- Rolled mandrel, reduced jaw wear and tear
- Mandrel head with tapered end
- Quick and secure installation
- Permanent secure fixing
- Heatless installation means component will not warp
- Eliminates extensive refinishing
- Ideal for lightweight constructions

Applications

- General industry
- Automotive industry
- Construction industry
- Bodywork and vehicle manufacture

		6.0 - 8.5	15.0	9.3	1.5	3.0	4400	4000	413 422 907

* Strengths at break relate to rivet failure

The shear strength at break is impacted by where the spent mandrel is located on the area of break.

Other designs available on request.

About us

Titgemeyer Group is a leading fastening technology and transport technology group of companies with 15 sites across Europe. Steeped in tradition, the company develops, manufactures and sells more than 30,000 fastening elements, tools and vehicle components – in series and to customer specification.
